

Thursday 6th May 2021

Dear parents/carers,

NUMBER HUNTERS 19TH MAY – YEAR 5&6

We will be celebrating National Numeracy Day on 19th May with a special 'Number Hunters' maths event. The event will include maths games to play, puzzles to solve and codes to crack. Lightning Maths has organised the event, which is to be run at the same time with several primary schools across the country. Classes will be joining together 'virtually' via a video link. The different classes will work together throughout the session to solve puzzles. It should be a fun event!

The video link will only be to other schools and a teacher will always control the link. The video link will not be recorded. If you have any concerns about your child taking part, please contact your class teacher.

Kind regards

Mrs J Selby
Maths Lead
