

Christ the King Catholic Primary School

In Jesus we learn, grow and pray together

Monday 17 September 2018

Dear Parents and Carers

On Friday 21 September, Year 5 and 6 will be having their first 'Out of the Classroom' day focusing on the outdoor environment. The aim of this is to foster in the children an interest in the outdoors environment and to engage them in conservation, recycling and nature, supporting the maths, science, geography and PSHE curriculum.

The lessons will be practical in nature and will take advantage of all the outdoor areas in the school grounds. We will be outside for the whole day, so it will be necessary for your child wear a set of clothes that will keep them warm and dry when they are outside.

Please ensure that they have:

- A set of warm clothes that can get muddy
- Wellington boots or another change of appropriate footwear
- A waterproof jacket
- A plastic bag to put them in

The lessons will go ahead whatever the weather, unless it poses a risk to safety (eg high winds).

Thank you for your support with this,

Yours sincerely

Year 5 and 6 staff
